## Cutting Affray.

In the small hours of the morning last Saturday a brutal stabbing and cutting affray took place at the Garland Livery Stable that disturbed the peaceful slumbers of a number of our citizens, who put in an early morning shift in caring for the wounded parties in the mix-up.

A man by the name of B. C. Carroll, who hales from Logan, got into a quarrel with one Joe Orgil, who is an employee of the stable and the affair ended in a serious cutting affray.

From parties who witnessed the affair we gleaned the facts submitted below:

Both men had been drinking Saturday and got into a quarrel just after midnight in the office of the stable. Mr. Snooks, one of the proprietors of the stable, interfered twice and told them to cease quarrelling or leave the premises.

At about 1:30 a. m. Orgil withdrew from the office and was soon followed by Carroll. Mr. Snooks was reclining on the bed and at about 2 a. m. was aroused by the cries of Orgil in the carriage room. A young man by the name of Bowen ran to his assistance and found Carroll with a knife in hand stabbing and cutting Orgil, who was down on the floor. Bowen struck Carroll a number of blows on the head with a pitch-fork cutting several gashes and thus saved Orgil from being killed. Snook then grabbed a neck-yoke and ordered Carroll to drop the knife which he did.

Orgil stood up for a few minutes, but soon fell to the floor from the effects of his wounds which were bleeding freely. Carroll's head was also bathed in blood. Both men were carried to Riter Bros. Drug store where Dr. Rich dressed and sewed up the gashes.

Orgil was taken to his home and Carroll to the Garland Hotel. Mrs. Carroll came over from Logan Sunday afternoon.

Orgil was severely cut about the head and shoulders and was stabbed twice in the left side, the knife-blade entering his lungs in one of the stabs and his kidneys in the other. It was feared that he would not recover from his injuries, but up to the hour of going to press he is reported to be improving.

Dist. Attorney F. J. Holton and Sheriff Jos. Josephson came up from Brigham Monday to secure information in the matter and Carroll was arrested and taken to that city Tuesday morning.

## Delicate Operation.

Mrs. N. L. Brown, who has been sick for some time past, underwent a delicate operation Tuesday afternoon. Dr. J. M. Francke was the attendant physician and at last reports she was favorably recovering.

## Something Wrong.

There is something radically wrong which permits the people to suffer for the necessities of life in the midst of plenty. Right here in Utah we have coal enough to supply the whole United States and four or five different systems of railroads traversing the state, and yet we have a coal famine next winter. If such conditions obtain under the system of private ownership of railroads, isn't there a possibility of better success under government ownership or control of railroads? There is something lacking under present conditions.—Ex.

Wake up, Ye railroad officials, and give us some Coal, Coal, Coal.

## Long Live The King!

Is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the proven remedy. Guaranteed by Riter Bros. Drug Co. 50 cts and \$1.00. Trial bottle free.

## Wrestling Match and Base Ball.

At the Athletic park last Saturday there was something doing and the good-sized crowd in attendance was highly entertained with some fine ball-tossing and a genuine wrestling match between Albert Mortensen, the famous one-armed butcher, and Indian Louis Carson of Washakie.

Clarkston's team and Garland's nine fought a fierce battle of 18 rounds and the belt was given to our home boys who won out by making 11 runs to Clarkston's 10. Errors were numerous and Clarkston had to borrow two of our boys to complete their line-up.

Following is the line-up and score:

Garland	Clarkston
Cluff	H H Thompson
Welling	H Thompson
Walls	D Godfrey
Featherstone	T Jensen
Green	Sb Stayner-Thompson
Whipple	Campbell
Van Leuvan	D Clark
H Evans	J Godfrey
Pettinrell	Smith-Hall
Score by innings—1 2 3 4 5 6 7 8 9	
Garland	0 2 0 4 1 2 0 0 2—11
Clarkston	0 2 0 0 0 3 1 2 2—10

Then came the wrestling match. The judges were H. Seeger, W. R. Vanfleet and Willie Ottgarle. The wrestling was—catch as catch can.

First round—Mortensen threw Indian against netting; called a foul.

Second round—Indian downed Mortensen, but failed to hold him down; decided in favor of Indian.

Third round—Mortensen had Indian going; stopped by Seeger and called a foul.

Fourth round—Indian threw Mortensen and the wrestle was awarded the Washakie boys, who with a bleeding nose went to a hydrant, washed his nose tied his handkerchief around his neck and set on the ditch bank with a satisfied expression on his face that wouldn't wash off.

## Base Ball Notes.

Wednesday, July 31st, the business men of Garland and Tremont go to Brigham City to engage in a friendly game of base ball with the business men of that town.

Today at the Athletic Park Elwood's nine cross bats with Garland's team and some interesting wrestling matches will be pulled off.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirum, Ala. "I am subject to colic and diarrhoea. Last spring it seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the twenty-five cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by Riter Bros. Drug Co.

## Primary Concert.

The excellent program published in last week's issue of the Globe was presented at the Amusement hall Thursday evening by the children of the Primary association in a pleasing way.

All who attended pronounced the concert a genuine treat.

## Canal Broken.

The farmers of the East side are confronted with a serious proposition and one that means a considerable set back to their crops dependent upon irrigation. On July 4th the flume near Beaver Dam washed out and in consequence the Hammond canal is as dry as a bone and this season's best crop left in danger of destruction. The flume that went out, spanned a gorge 300 ft. long and was 100 feet high. It is estimated that it will take at least two weeks to repair this break so that water can again be run in the canal and in the mean time the farmer who is dependent upon his sugar beets paying off his obligations this fall is very much concerned. There is also a large acreage of apple trees which were set out this spring in the vicinity of Honeyville that are likely to suffer.—Box Elder News.

In conversation with Engineer J. C. Wheelon we were informed that a siphon pipe 6 feet in diameter and 150 feet in length will be put in as soon as possible. He thought it would require about two weeks to make the repairs.

## Notice.

Notice is hereby given that the Sons and Daughters of Pioneers who came to Utah prior to January 1st, 1858, will meet at the Assembly Hall, Salt Lake City, July 24th, at 10:30 a. m., for the purpose of forming a general organization to be known as the Sons and Daughters of Utah Pioneers; for the election of officers; and for the transaction of all other business that may properly come before said meeting.

HEBER J. GRANT,  
REED SMOOT,  
SUSA YOUNG GATES.

The business meeting will be followed by an interesting program and all descendants of Pioneers are invited to attend, regardless of present residence.

## Garland North Notes.

Last Saturday the little son of Mr. Mrs. Lon Kennard had a narrow escape from drowning. He was playing near the canal bridge on the county road and bent over the bank in an attempt to touch the water. He slipped partly in and could not get back. His cries attracted his brother who ran for his father.

When Mr. Kennard came the boy had slipped into the water and was floating down stream. He rushed in and saved the child from drowning.

Mrs. Johan Bingham is in Plain City at the bed side of her mother, Mrs. Hansen, who is quite sick.

Mr. and Mrs. Thos E King and family have gone to Logan Canyon on a pleasure trip.

Mrs. Hobbs of Preston, Idaho, mother of Mrs. Will Shumway, is visiting in this vicinity.

Mrs. James Thompson has returned from a visit with relatives in Preston. Mrs. William Shumway is on the sick list. L S

## The Charming Woman

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak woman, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. This talk of probable war between the United States and Japan seems to be spreading and already we have recently heard several learned discussions on the question among our village philosophers. We think there will be no war in the immediate future, but if it does come, it will certainly be a— for the Japs —Park City Record.

In Richfield, as in Park City, the price of coal has recently "gone up" and the fact calls forth the following from the Reaper, Richfield's newsy paper. "Now comes the announcement that the coal companies are going to advance the price of coal. We have been looking for this. All this talk about inability to supply the market has been the foundation for leading the public to believe that conditions existed which

justified the raising of the price of coal. The price of this commodity is already an outrage in this state. With coal in boundless quantities at every door, to be compelled to pay a price higher than any other state in the Union, is an unjust tax upon the people. That is a smooth game that the coal and railroad companies have been preparing to play upon the people."—Park City Record.
